Dear Fred:

I just now ran into your note in the May 1958 Trans. NYAS. Would you be kind enough to send me a reprint of it, as well as of your papers that underlie the discussion?

As you can see from the enclosure, I faced the same dilemma as you did, and ran off in the opposite direction!

You may already have heard that we're moving to Stanford next Spring.

Yours,

Joshua Lederberg
